

**Y5 and Y6****PSHE Discrimination, Prejudice and Equality****English Speaking, Reading and Writing****Learning Objective:**

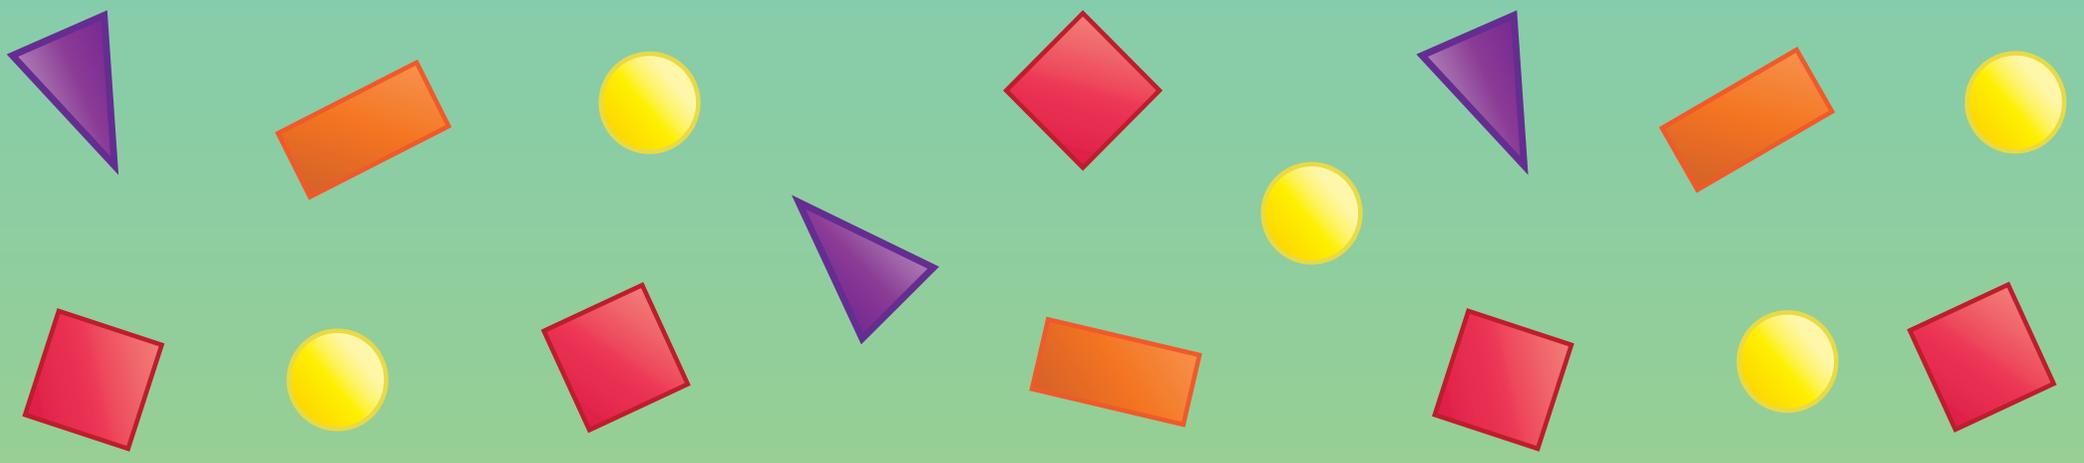

- Understanding that life can be easier or harder for some people depending on their identity.

**Instructions:**

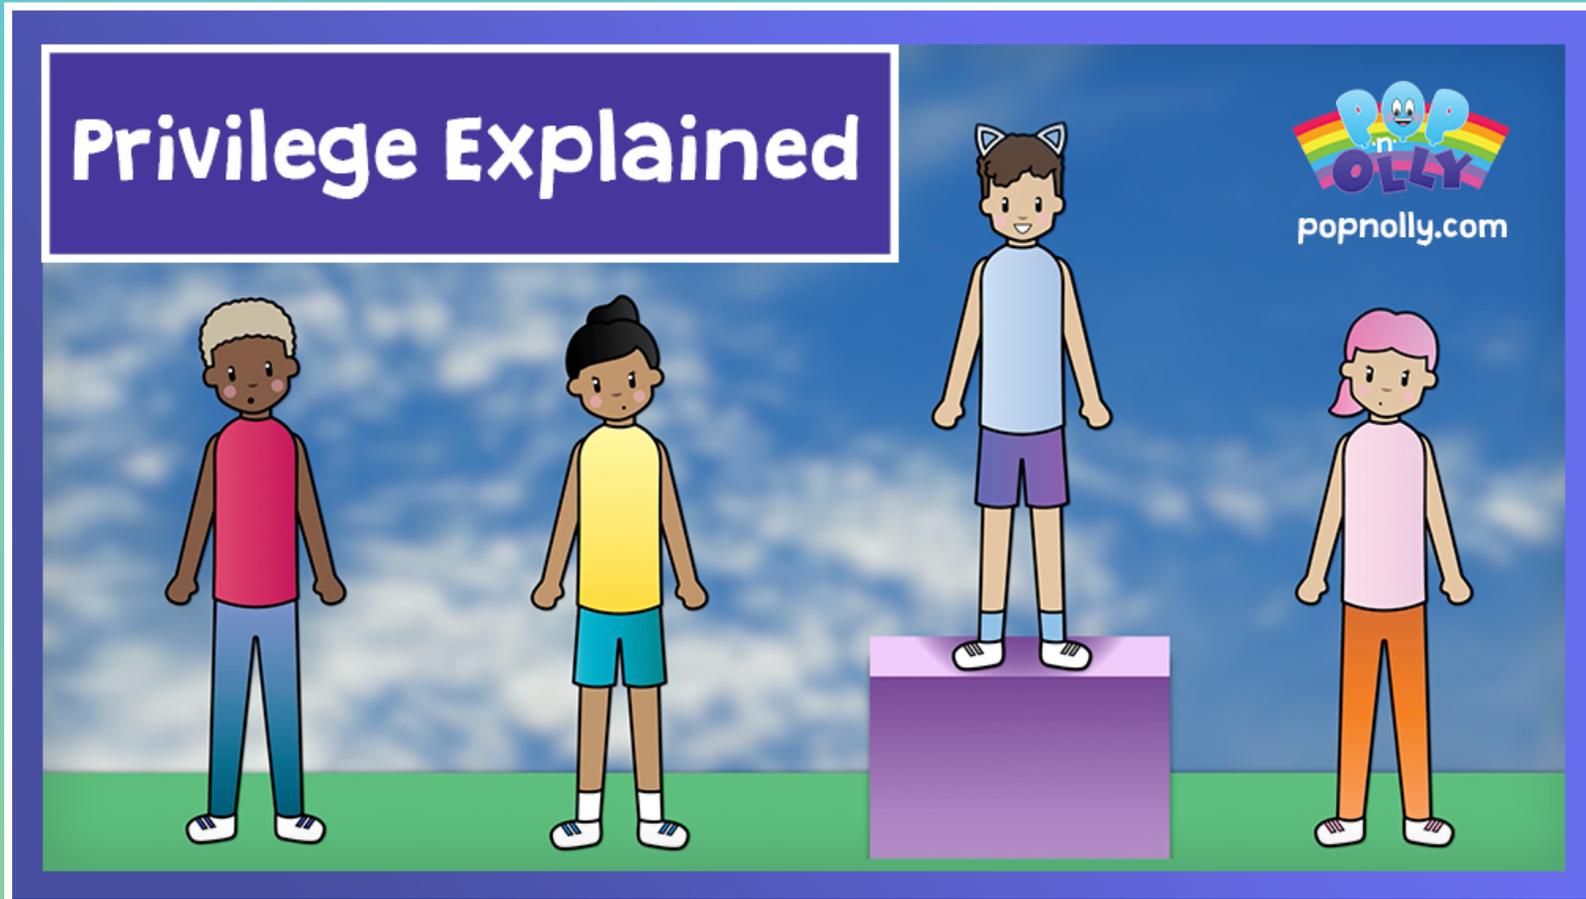

See Lesson Plan 2. Privilege.

# PRIVILEGE

Watch the first part of this video (until 1:40)

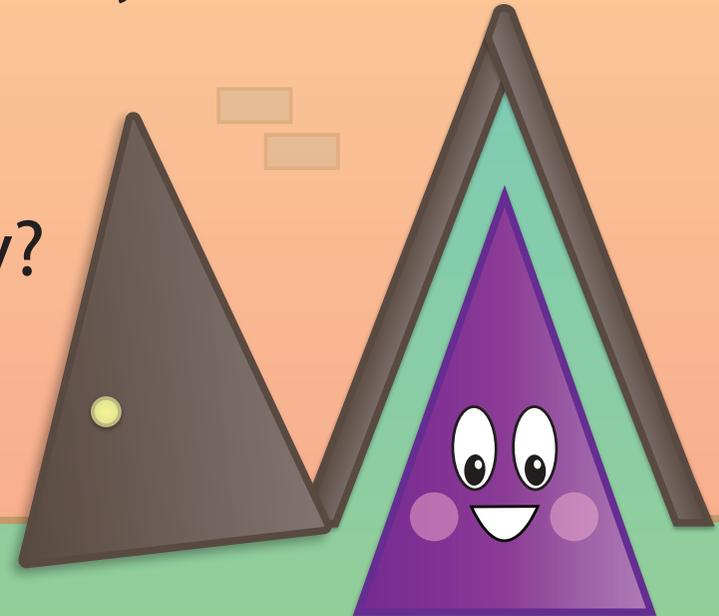

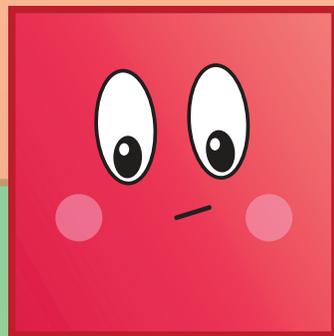

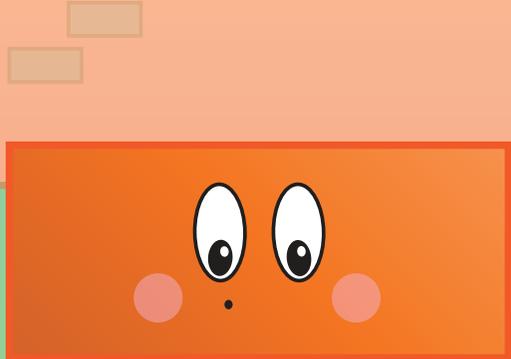

Watch *Privilege Explained for Kids* at [youtube.com/popnolly](https://youtube.com/popnolly)

# Discussion:

In the imaginary world everything is designed to suit the triangles.

- What do you think happened before to make it this way?
- What do you think the other shapes might say about how everything works best for triangles?
- What do you think the triangles might say?

# Activity:

(Download and print from [popnolly.com/teacher-membership-area](http://popnolly.com/teacher-membership-area)).

**KS2**
**World of Shapes**

Watch the Pop'n'Oilly video *Privilege Explained for Kids* at [youtube.com/popnolly](https://www.youtube.com/popnolly) then complete the following activity:

In a world where triangles are in charge, other shapes might have a difficult time fitting in.

Look at the items below.

- Can you redesign them so that they work for all shapes?
- Will some items need multiple versions?

You might want to cut out the shape character's in order to test out your new designs.

Have a think about how our world might be easier or harder for different people because of their identity.

**Door**

**Bed**

**Chair**

**Clothes**

Have a think about how our world might be easier or harder for different people because of their identity.

Privilege, World of Shapes. Created by Mel Lane & Oilly Pike

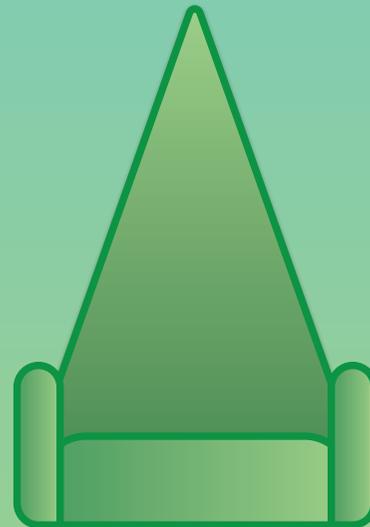

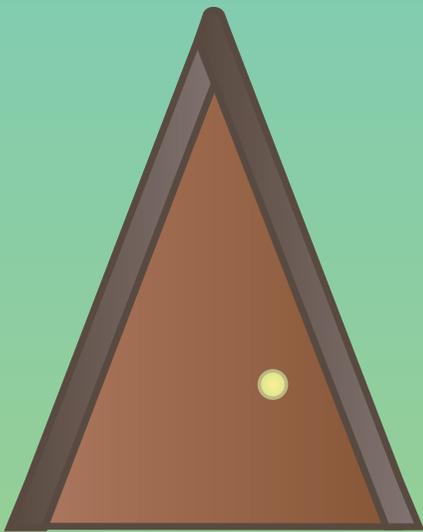

In a world where triangles are in charge, other shapes might have a difficult time fitting in.

Look at the items displayed.

- Redesign them so they work for all shapes.
- Will some items need multiple versions?

# Discussion:

- What did you notice about the new door, bed, chair, clothes that you designed to work for all shapes?
- What do you think the other shapes would say about the redesigns?
- What do you think the triangles would say?

Humans can also experience privilege.

- What things do you think might affect a person's privilege?
- How might it affect them?
- Which groups of people do you think have more or less privilege in our world?
